## TOWNSHIP WEBSITE

[www.oneidatownship.org](http://www.oneidatownship.org)

Oneida Charter Township maintains a Township website. The website provides residents with up-to-date information regarding Township happenings and news. The site has Board and Commission meeting agendas and minutes. There is also a link on the website to view your tax and assessment information.

**Information can be printed for income tax purposes directly from the website.**

## 2019 ASSESSMENTS

Housing values in Oneida Township are in line with values of the rest of the State of Michigan. The Eaton County Equalization Department studies sales in the township and has indicated that there was a slight increase in home values over last year. Some properties have increased more

and some less due to variances among our neighborhoods with respect to individual home characteristics and the age of the home.

## TOWNSHIP CEMETERIES

**Union Cemetery**

13761 *Benton Rd.*

**Pioneer Cemetery**

9501 *Hartel Rd.*

**Strange Cemetery**

8864 *Oneida Rd.*

Residents may purchase a gravesite for \$200, non-residents \$500. During the winter period of Nov. 1 through April 1, artificial flowers, wreaths, and grave blankets may be placed on graves and removed by April 2. Please see our website for complete regulations.

If you have any questions or would like to purchase a gravesite, please contact Thomas Campbell at (517) 455-3675.

## BUILDING PERMITS

Building permits are required for new home construction, home remodeling including finishing basements, decks, pole barns, sheds over 100 sq. ft., pools, etc.

Building permits are required to promote and safeguard the public health, safety and general welfare of the community. Prior to applying for a building permit that expands the exterior dimensions of your home or the building of an auxiliary structure, you must have

approval from the Eaton-Barry Health Department, (517) 541-2615.

If you have questions regarding building permits contact Tom Westfall, Building Inspector or Melissa Goschka, Zoning Administrator.

## BUILDING INSPECTIONS

The State of Michigan suggests the Township Assessor visit 20% of Township properties every year. The Assessor will interview you, take measurements of all structures, observe the physical characteristics of the property and take a digital picture of all structures. Approximately 90% of the properties have been inspected. It is anticipated that the remaining inspections will be completed during 2018. If you have questions, please contact Don Cooley, Assessor.

## STREET LIGHT REPAIR

To report a street light that needs repair, please contact Consumers Energy at 1-800-477-5050 or go to <https://www.consumersenergy.com/outages/outage-center>

## STORM DRAINS/CATCH BASINS

Please keep catch basins and storm drains clear of debris (leaves, grass clippings, etc.) to ensure water flow and diminish backups.
